OBJECTIVE

Aspiring full stack developer with a strong foundation in both front-end and back-end technologies. Eager to apply academic knowledge and hands-on project experience to contribute to innovative software solutions.

PROJECTS

Personal Portfolio Website

Designed and built a responsive personal portfolio website to showcase my skills and projects. The site features a home page with an introduction, a project gallery, an about section, and a contact form, all optimized for various devices.

Technologies Used: HTML, CSS, JavaScript

➢ View my portfolio:Click Here

Restaurant Website

Developed a responsive restaurant website that allows customers to view the menu, offers, and contact the restaurant. The site includes a visually appealing menu display, an order management system, and a contact form.

Technologies Used: HTML, CSS, Bootstrap
